

Early Years Pupil Premium

Spend and Rationale

In the period 2017 – 2018 a total of 14 children received The Early Years Pupil Premium (EYPP).

This constituted a total budget of £7552.55

Children from our nursery at the end of their reception year – 68.5% achieved or exceeded a good level of development in Communication and Language. This compares to 82.1% nationally. In Personal Social and Emotional Development this was 79.5% compared to 85.2% nationally.

These were the two areas where focused work was carried out for EYPP children during the year.

Consultations were also carried out with parents to identify any specific areas for focus or support for EYPP children.

Intervention Area	Cost
Communication and Language Additional TA support – during session time and focused group time	£3000
Communication and Language Small world resources to support language development	£112
PSED Additional TA support – focused group work – social interactions	£3000
PSED Visits out locally – shops, library, museum	£46
PSED Forest Schools	£1394.55

The impact of the interventions is clear to see in the children's results at the end of the year.

	EYPP children % at or above typical	Non EYPP children % at or above typical
PSED Baseline	70%	72%
Window 3	94%	89%
C&L Baseline	69%	71%
Window 3	94%	87%
