Make some Easter nests to enjoy with your family. Share out the chocolate eggs and count them as you go.

Look for some stories on your bookshelf which have rabbits in them.

Cook and colour some hard boiled eggs. Talk about what happens.

Draw patterns or write your name in a tray of sand, rice or lentils.

HOW DO YOU color eggs NATURALLY?

- 1 COMBINE 1 quart water and 2 tablespoons white vinegar in a medium pot.
- 2 Bring it to a **BOIL**, add your dye ingredients (specified below!), and lower the heat. **SIMMER** for 30 minutes. Let cool.
- 3 **STRAIN** the dye before adding the eggs. Once strained, add eggs and let **SOAK** for at least 30 minutes.

**For a more vibrant egg, let it soak longer. When it reaches the desired color, remove with tongs and pat dry with paper towels.*

BEETS

Soak 4 cups chopped beets in mixture 30 min. Strain, then allow eggs to sit in liquid 30 min., or more for deeper tones.

ONION SKINS

Add 4 cups yellow-onion skins to mixture. Simmer 30 min., then strain. Allow eggs to sit in liquid 30 min.

TURMERIC

Add 3 Tbsp turmeric to mixture. Simmer 30 min., let cool, and soak eggs in mixture until they reach desired shade.

CABBAGE

Add 3 cups red or purple cabbage to mixture. Simmer 30 min., then strain. Allow eggs to soak overnight for brightest shade.

BLUEBERRIES

Combine 4 cups blueberries with mixture. Simmer 30 min., strain, then allow eggs to sit in liquid 30 min., or more for deeper tones.
