

Last week we enjoyed ...

- Thinking about Colours around us.
- We read a story called 'The Coloured cat'; linking objects to colours..."green like the grass... yellow like the sand" etc
- We counted 6 kittens and made them a bed.
- We danced with our colourful scarfs.

This week we are ...

- Matching colours and continuing to mix and change colours, using paint.
- Investigating how to mix and make playdough with our 'clever hands'.
- Finding out about things that are hot and cold
- Numbers 1 to 6; making groups of objects

At home ...

Go on a colour hunt, see how many red, green-things you can find in the kitchen or on a walk outside.

Talk about what clever things your hands can do...stirring, wiping, washing, sewing, squeezing encourage them to use their clever hands to help
